Education:

B. TECH Information Technology,
CGPA- 9.73
Vishwakarma Institute of Technology, Pune (2019 - 2023)

BSc in Programming and Data Science,
CGPA- 8.6
IIT Madras (2020 – 2023)

HSC – 87.54%
Laxman Rao Apte Jr. College, Pune (2017 - 2019)

SSC – 94.20%
Aksharnandan School, Pune (2005 -2017)

Skills:

- **C, C++**, Python
- **DSA, OOP**
- **HTML, CSS,** JS, PHP
- MySQL, MongoDB
- **Machine learning**
- Data Science
- **Unity 3D**
- **Augmented Reality**
- **Game Development**
- **GitHub**
- Leadership
- Time Management
- Critical thinking
- Problem Solving
- Communication

Objective:

I am an undergraduate student pursuing Information Technology at VIT, Pune. I have a profound interest in computer programming and am always curious about learning new technologies. I am excited to connect with new people and solve real-life challenges with a collective effort.

Technical Projects:

ModAR (04/2021 - 05/2021)   GitHub Link
- Improved **online** and **offline education** of school going kids by providing enhanced visual effects of concepts like Human Anatomy, Solar system, etc.
- Leveraged knowledge in: **Website development, Android development, and Augmented Reality.**

ARUnity (02/2021 - 04/2021)   GitHub Link
- Created **Augmented Reality**-based website and android application, allowing game developers to get better visual understanding of **3D models**.
- Helped game developing community to save CPU storage memory, internet data as well as time.

IEEE website (12/2020 - 01/2020)   Website Link
- Led team of 5 members to develop back-end system for taking registration for upcoming events through the website.
- Utilized Knowledge in **Html, CSS, JS** and **PHP** to build website for **IEEE SB, VIT Pune.**

Speech Translator Application (09/2020 – 12/2020)   GitHub Link
- Built an **Android application** to translate text into desired language in **online** and **offline** mode.
- Developed **language detection model** using **NLP**.
- Implemented **Socket programming** to establish connection between **local python server** and **android application**.

Work Experience:

Intern | Inspiel (10/2020 – 03/2021)
- Worked with website development team to develop **front-end** and **back-end** of website at owner's end.

Achievements:

- Secured **1st rank** in **CODE INNOVATION SERIES Hackathon** powered by **GitHub** for **ModAR** project.
- **5 Star** in Problem Solving HackerRank.
- Ranked in top **120** in India for **IEEE Xtreme 14.0** Coding Competition.

Extra-Curricular:

Coding Club Head IEEE SB VIT, Pune
- Hosted 4 competitions on HackerRank.
- Conducted coding club sessions for 30+ students.
